

SERVICES

Our ultimate goal is to see our clients succeed. By providing creative solutions for a variety of services, we will custom-taylor projects to meet our clients' growing needs. With a slew of services available, our clients' brand and image will always be consistent regardless of application. For more information on our services, don't hesitate to reach out.

DESIGN

From print to web design, Studio10F will help creatively build your brand from the ground up or along the way through consistent and professional design.

Services Include: logo design, stationery packages, business cards, letterhead, envelopes, web design, marketing collateral, print and web advertising, brochures, forms, flyers, invitations, evites, postcards, eblasts, newsletters, annual reports, signage, desktop publishing, greeting cards, ecards, book covers, packaging, illustration, animations, PDFs

PRESENTATION

Need to make a presentation but not sure where to start? Why spend hours trying to learn a new program when Studio10F can quickly build a dynamic presentation which will make an impact?

Common in the workplace, PowerPoint by far, is the most common presentation software. However, using looping movies in a lobby or interactive terminals at a trade show can also be a effective methods of presenting your brand.

Services Include: PowerPoint, Flash, Keynote, Final Cut, iMovie, QuickTime

PHOTOSHOP

Whether you need to adjust skin tones, add an element to your photography, or fix a damaged print, there isn't too much Studio10F can't handle when it comes to Photoshop!

We also offer one-on-one Photoshop training for the DIY crowd.

Services Include: photo restoration, image manipulation, air brushing

SUPPORT

Want to learn how to remove a background in Photoshop? Switched from PC to Mac and don't know what to do? Need a professional to set up your company's art department?

Services Include: art direction, corporate branding, and training in; Apple (Mac OS 10.0-10.5), Photoshop, InDesign, Illustrator, Quark Xpress, Powerpoint, Keynote, Flash, Dreamweaver, Adobe Professional, Word, and Pages.

VAD

The Virtual Art Department (VAD) gives our clients even more customization and personalized attention. The Virtual Art Department is basically a virtual office or department in your company and is designed to save our clients' the expense of operating an in-house staff.

With a VAD account, our clients are able to submit customized job request orders online, view and track a project's status and store files as a backup or for easy access from any computer or PDA.

* There is a monthly or yearly membership charge agreed upon by the client and Studio10F for a Virtual Art Department account.
